

Print Your Own Cookie Cutter

THINGIVERSE - PERSONAL USE FILES

STEP 1

Save the .zip folder to your computer. Extract all the files.

STEP 2

Open your slicer software of choice. View our resources sections for our slicer guide.

STEP 3

In your slicer software, go to file > open and select your .stl file.

STEP 4

Choose your 3D print settings or profile of choice and then slice! View our resources section for our profile guide.

STEP 5

Save you newly created .gcode to your microSD card.

STEP 6

Insert your microSD card into your 3D printer and watch the magic happen!

Creative Commons – Attribution – Non-Commercial – Share Alike License

You are free to:

Share — copy and redistribute the material in any medium or format .

Adapt — remix, transform, and build upon the material.

The licensor cannot revoke these freedoms as long as you follow the license terms.

Under the following terms:

Attribution — You must give appropriate credit, provide a link to the license, and indicate if changes were made. You may do so in any reasonable manner, but not in any way that suggests the licensor endorses you or your use.

NonCommercial — You may not use the material for commercial purposes.

ShareAlike — If you remix, transform, or build upon the material, you must distribute your contributions under the same license as the original.

No additional restrictions — You may not apply legal terms or technological measures that legally restrict others from doing anything the license permits.
